DEATHS.

—Mrs. Abner J. League died Wednesday night in Columbus, Ga. where she had lived for ten years. She was the wife of A. J. League, President of the Columbus Iron Works and daughter of Prof. and Mrs. Armende, of Washington, D. C. She was born and raised in Paris where she has many friends who will be grieved to hear of her death. Besides her husband she is survived by one sister and one brother.

—In Kansas City, Mo., on Thursday, June 29, Prof. D. B. Longan died from an abdominal operation. Prof. Longan was the father of Dr. S. W. Longan, of this city, who was with his parent when he died. He is survived by his wife, who before her marriage was a Miss Emma Laird, daughter of the late Rev. Moses F. Laird, at one time a minister of the gospel at North Middletown. He also leaves three sons.

Prof. Longan was connected with the public schools of Kansas City for thirty-one years, and was assistant superintendent for fifteen years. The funeral was held in Kansas City Friday.

MATRIMONIAL.

—A marriage license was issued yesterday to Mr. Robert R. Yohey and Miss Mildred C. Freese.

McCreary Wins in State Primary

Unofficial returns from the State-wide Democratic primary held Saturday indicate the nomination of James B. McCreary for Governor by a majority of 30,000. Garnett has won over O. H. Pollard for Attorney General by about the same figures. Hamlett, for Superintendent of Public Instruction, will have about 25,000 plurality over Littrell and Eubank; J. W. Newman made a runaway race for Commissioner of Agriculture, his plurality probably being larger than that of McCreary for Governor. R. L. Greene's majority over J. Morgan Chinn for Clerk of the Court of Appeals will be about 15,000.

Returns from twenty-five counties are missing. Two races are still in doubt. The races for Lieutenant Governor and State Auditor are close contests. From returns received in the Lieutenant Governor's race James P. Edwards leads E. J. McDermott by a small vote. These same returns show Ruby Laffoon leading Henry M. Bosworth 3,711 votes. Meager reports from some of the missing counties indicate that McDermott may overcome Edwards' lead.

The election in Bourbon passed off quietly with little interest being manifested in any of the races and not more than half of the total Democratic strength in the county.

The vote is as follows: For Senator, Paynter 58, James 851; for Governor, McCreary 811, Addams 294; for Lieutenant Governor, McDermott 654, Edwards 162, Stuart 189; for Auditor, Laffoon 437, Bosworth 592; for Superintendent of Public Instruction, Hamlett 212, Littrell 366, Eubank 568; for Commissioner of Agriculture, Newman 529, Wyatt 151, Hill 278; for Clerk of Court of Appeals, Greene 602, Chinn 338; for Attorney General Garnett 481, Howard 473; for Secretary of State, Creel 816; for State Treasurer, Thos. S. Rhea 781.

In the two North Middletown precincts a total of 129 ballots were cast, only two of which were voted for Addams.

Six precincts in the city of Paris gave McCreary a majority of 132 over Addams. Most of the opposition to the Madison candidate was centered in this city, but Addams failed to carry a single precinct in the city and in only one precinct in the entire county did he receive a majority of votes.

The county of Madison, McCreary's home, rolled up a majority of 2,528 for its favorite son. Addams received only 34.

Tenement House Burned.

Saturday a tenement house and barn on the farm of David Crombie, near Ruddles Mills were destroyed by fire. The house was occupied by the family of Alonga Klump, and they saved very little of their household furniture, as the roof was read to fall in before the flames were discovered. It is supposed that the fire originated from a defective flue.

The barn, which was comparatively new, was situated about 200 yards from the house, and caught fire from flying sparks. It was entirely destroyed, together with the contents, two buggies, a binder and some feed. The total loss is about \$1,500, with no insurance.

Fire, wind and lightning insurance. Thomas & Woodford.

Fine Showing.

The statement of the Deposit Bank of this city appears on fourth page of this issue.

It shows the bank to be in a very flourishing condition. Their deposits show a substantial increase and they have raised their dividend rate from 3 to 4 per cent semi-annually. This bank has always been regarded as one of our most conservative institutions and this statement shows that it has lived up to that reputation.

They show a very small amount of overchecks and no rediscounts or bills payable. They were examined on May 23rd, 1911 by an expert State Bank Examiner from the Secretary of State's office, and the following verbatim extract from his report speaks for itself.

"The management is exceedingly good; officers well qualified; book-keeping could not be improved upon; general quality of paper good, mostly mortgages."

Showing of the Agricultural Bank.

The Agricultural Bank is one of the most conservative banking institutions in the State and has been examined by the State Expert Examiner sent from the office of Mr. Ben L. Bruner, Secretary of State and they said after the examination that it was the cleanest and best bank—the bookkeeping could not be improved upon—that they had examined out of one hundred and sixty. The gross earnings for the past six months was \$11,612.66 and we paid a five per cent dividend to the stockholders, which we had been doing for years. If we had added our earnings to the surplus instead of paying dividends our surplus would have been more than three times our capital stock and if we paid what the average bank paid our surplus would have been \$120,000 more than it is. We have paid in the last twenty-six years from 25 to 33 per cent more in dividends than the average bank.

President Ussery Issues Statement.

President W. C. Ussery Friday issued a statement to club presidents in regard to the recent difficulty at Winchester between George Robbins and Hogan Yancey, of Lexington, and Umpire Feye. The statement is as follows:

Paris, Ky., June 30.
To All Club Presidents:—The unfortunate occurrence at Winchester last week, where Manager Yancey and Player Robbins of Lexington, were in a fight on the playing field during a ball game, with Umpire Feye as the third party to the fray, demands official attention.

When this affair happened there was an almost universal demand for the crucifixion of the Lexington Club; this office was of the same notion. Excellent citizens of Winchester—staid and substantial business men, police officers, city officials and Winchester Ball Club officials and members, could not agree as to where the blame should be placed—who struck the first blow.

Following my usual custom I waited an interview with the umpire. I saw him Saturday morning, after the affair on Friday. He told me he struck Robbins first; that while he and Robbins were mixing it, he saw Manager Yancey running toward them; and he left Robbins and ran toward Yancey, crying out "You are the one I am after;" that Yancey retreated from him, walking backward, several feet; that when he (the umpire) was in striking distance he struck the first blow at Yancey. The umpire remained in Paris several days after his resignation, and told substantially the same story to many people. The umpire repeated the story in this office Sunday morning in the presence of Yancey and Robbins.

It is as great an offense if not greater, for an umpire to strike a ball player, than for a player to strike an umpire. I hope neither will happen again while I am President of this League.

From the official report given me by the umpire I feel that aside from my official action of accepting his resignation nothing is required.

W. C. USSERY, President.

Gasoline Explosion Causes Panic

Fire caused by leaving gasoline from the lighting plant of the Presbyterian church at Sharpburg during services caused great excitement. The gasoline exploded and a panic prevailed for a while, and it was feared the entire church was in danger. The fire department was called out and the fire was extinguished without great damage.

Be Careful!

Pneumonia, unlike consumption, the other arch enemy of human life, finds in the physically strong its ready victims. There is a word of caution in this fact to men who, rejoicing in bodily strength, take risks upon their health that are not sanctioned by prudence.

Curious Freak of Lightning.

A curious lightning freak occurred Tuesday afternoon during an electrical storm which swept over the village of Rome, Ill. At an old fashioned tavern, a bolt struck the building, shattering the dining room windows and burned an engraving from its frame, leaving the frame intact, but printing the original design of the picture on the wall paper back of the frame which was left hanging.

Increase in School Per Capita.

Kentucky's school per capita this year will be higher than it has ever been in the history of the State, although it has not yet been fixed. The present per capita is \$4, but in some counties where the dog tax brings in a neat sum the per capita goes higher, as the money collected from the dog tax goes to the schools in the county where it is collected. The straight per capita for the school children of the whole State has never been higher than \$4, which was the amount of last year.

This year, on account of the large increase in the assessment on personal and real property, and also because of increased assessment on franchises, there will be more money raised than in some years, and the school per capita may go as high as \$4.10, certainly as high as \$4.05. The school census has not been completed yet, so it is not possible to tell just what the school per capita will be, but Frank P. James, State Auditor, thinks it would go as high as \$4.10. Mr. James said the per capita certainly would be higher than it has ever been, and would be more than the \$4 which was fixed last year.

STOCK, CROP AND FARM NOTES

—The wheat crop of Nicholas is said to be the best in that county in years.

—Kentucky Choice, owned by Mrs. Richard T. Lowndes, of Danville, won the \$500 saddle horse stake at Columbus, O., Wednesday.

—Mr. C. T. Wyatt, of Mt. Sterling, recently sold a nice McDonald Chief mare to a Virginia man. The price reported was \$300.

—The tobacco crop of Bracken county will be exceedingly short this year. There has been quite a decided cut in the acreage and farmers who could not get their ground ready have given up the idea of raising a crop. On a whole this has been one of the worst seasons in that county in years.

—Total receipts of live stock on the Chicago market for the week ending June 24 were 56,500 cattle, 119,200 hogs and 97,500 sheep. The week's receipts, compared with the previous week, showed numbers increased 7,800 cattle, decreased 28,100 hogs and increased 6,300 sheep. Compared with the corresponding week a year ago cattle decreased 1,400 and sheep 42,900.

—A dispatch from Chicago says: "Enough blackberry brandy will be distilled to discourage the most optimistic prohibitionist this season, if present conditions in the produce market at Chicago continue. Commission men yesterday said that receipts of these berries so far this year have doubled those of a year ago and that although there had been a cut of fully fifty per cent in prices, daily arrivals from Illinois, Indiana and Tennessee continue exceptionally large."

—The executive committee of the Kentucky State Fair Board, in a meeting held recently decided to add a class for Mulefoot hogs in the swine department. The board is anxious to encourage interest in the breeders' contest in this class, and premiums will be announced later. The increase in the demand for this kind of stock, the members say, makes the encouragement of the industry necessary. This will be the first time that an exhibit of this kind was made in Kentucky.

—Dr. M. A. Scovell, representing Elemendorf Farm, bought Viola's Golden Jolly, a seven-year-old Jersey bull, at the annual auction of fine Jerseys at the Kinlock Farm, near Kirksville, Mo., last week for the record price of \$13,000. This animal was bought by Kinlock Farm two years ago for \$12,000, which was the record price at that time. The bull was born at St. Queen, Island of Jersey. Joly Royal Sultan, a two-year-old bull, a son of Viola's Golden Jolly and Lady Viola, sold for \$10,000, while Majestic Lady Youha, six years old, brought \$3,425. This made a total of \$26,425 for the three cattle.

Railroads Will Spend a Million.

A passenger depot to cost \$150,000 is one of the many improvements to be made in Covington following a consultation of President Milton Smith, of the Louisville & Nashville railroad, Garrett Wall, of the Chesapeake & Ohio, and Charles Davis, chairman of the committee on public highways of the Industrial club of Covington. Other improvements by the two roads that will bring the total up to \$1,000,000 will be made.

Saves two Lives.

"Neither my sister nor myself might be living today, if it had not been for Dr. King's New Discovery," writes A. D. McDonald, of Fayetteville, N. C., R. F. D. No. 8, "for we both had frightful coughs that no other remedy could help. We were told my sister had consumption. She was very weak and had night sweats but your wonderful medicine completely cured us both. It's the best I ever used or heard of." For sore lungs, coughs, colds, hemorrhage, la grippe, asthma, hay fever, croup, whooping cough, all bronchial troubles, its supreme. Trial bottle free. 50c and \$1. Guaranteed by Oberdorfer.

Killed His Uncle.

In Menifee county Samuel Profit, aged 19, shot and instantly killed his uncle, David Profit, aged 30. Young Profit was lodged in jail at Frenchburg under \$1,000 bond until Circuit Court.

Ice Good for Hair.

Explorers say that the frigid zones
give immunity from common colds.
But no recent explorer seems to have
mentioned the old belief that long so-

hair. This was the firm conviction of
whaling skippers in the days when
Dundee was the port for the Arctic.
It was said that even the baldest of
seamen contrived to grow a passable

50 Per Cent Better

"I have used less than one bottle of Cardui," writes
Mrs. Gertrude Ward, of Rushville, Neb., "and am feeling
fifty per cent better than when I began taking it."

"Before taking Cardui, I had suffered with female
trouble, for eight years. My greatest trouble was irregu-
larity. I also suffered with severe pains, every month,
but now I am greatly improved and will recommend Car-
dui to all my suffering friends."

Take CARDUI

The Woman's Tonic

The rare medicinal herbs of Cardui are imported by
the manufacturers direct from Europe and are not to be
found in any other medicine.

These ingredients are what give Cardui its superiority,
as a female medicine and tonic, over any other medicine.

For over 50 years Cardui has been the favorite wom-
an's medicine. The ladies like it, because it is so easy
to take, so gentle, so safe, so reliable in its results, and
they have faith in its curative tonic powers, because of
the thousands of other ladies it has helped. Try it today.

A Welcome Change

Smoke curling up from the farmhouse
chimney as the men are coming in from the
fields, gives a pretty suggestion of a good sup-
per and a comfortable home. But it also
means a hot, tired woman, working hard over
a blazing fire.

Your wife can escape this with a New
Perfection Oil Cook-stove.

A New Perfection keeps a kitchen many degrees cooler than any
other range, yet it does all a coal or wood range can do. It saves time,
labor and fuel. No wood to cut; no coal to carry; no ashes; no soot.
With the New Perfection oven it is the best cooking device you can
find anywhere.

Recital a Grand Success.

A representative audience from Paris, Millersburg and other parts of Bourbon county, filled the auditorium of the Presbyterian church Friday evening to hear the song recital of Miss Mary Dan Harbeson, soprano, Mr. Robert Harbeson, tenor, and Miss Frances Johnson, accompanist. Every number on the program was well rendered.

The duets of the charming sister and brother were rich in melody, harmony and expression. Miss Johnson's accompaniments were faultless, and altogether it was one of the most delightful entertainments ever given in Paris.

Boy Deserves Carnegie Medal.

Baldwin Woods, the 14-year-old son of Mr. Jack Woods, is deserving of the Carnegie hero medal. A few days ago the boy, at the risk of his own life, saved a man from drowning.

Young Woods, in company with a number of companions, was in swimming in Stoner Creek above the Maysville bridge. Besides the boys a number of men were also in the stream, among them being Herbert Duncan, aged 46, an employee of the L. & N. railroad.

Woods swam the stream and was returning when he met Duncan midstream. The latter had become exhausted in his efforts to reach the opposite shore. The boy knowing himself physically unable to save the man, called to his companions to come to his assistance. None of the boys on the opposite bank responded and Woods struck out for the opposite shore where he secured a heavy board, swimming back to the exhausted man who was exerting his last efforts to keep his head above the surface of the water, he extended the board to the man and assisted him in getting one of his arms around it, when he saw him to the shore.

Dropped Quite a Roll.

While the winning of the ball game from Winchester yesterday highly related the Paris fans, there is one of the number who witnessed the contest finds but little pleasure in the result. Sometime during the course of the game "Kid" Stout dropped from his pocket a roll of bills of different denominations amounting to \$125. All efforts to find the money was without result.

Cattlemen are Not Benefitted by High Priced Meat.

The Government returns show that, although there has been a marked increase in the price of farm stuff generally, this has not been true of cattle, especially the unfed cattle of the ranges, says Iris H. Weed in an article in "Success Magazine." The consumers cannot lay the high price of meat to the cowman. It's the dealers and the railroad between us and the cowman who bring up the price. Some years, even when beef had been very high in the retail market, the cattleman, after he has subtracted the carrying cost from the sale price of his animals, has been receiving a sale price below par. Although this rate robbery was enormously unjust, and although the capital represented in the live stock industry is equal to seventy-three per cent of the par value of the stocks and bonds issued by our railroads, the transportation corporations were so gigantic, and the individual cattleman so small by comparison, even though he might be a cattle king, that he couldn't help himself. Every year he had to hold his hand to the bee.

The Association, however, finally got in its sting. After a five-years' fight they helped get the Interstate Commerce Act so amended in 1908 that the Interstate Commerce Commission has the power to prescribe rates. This resulted in a reduction of from \$5 to \$7 per car on cattle rates, and has saved the cattlemen millions of dollars. Even then the Santa Fe Railroad, and probably other roads operating in the same territory, were able to make, as shown in the Texas Cattle Raisers case, a modest 95.3 per cent profit.

Rates, however, are not the cowman's only trials of transportation. Perhaps he speaks for cars three months ahead, and drives his 2,000 or 3,000 cattle to the freight yards at the time agreed upon only to find an empty track. At once begins the expense of buying fodder for the herd, and the sitting around watching them eat up the profits. When the cars finally arrive, if the number is short, the animals have to be crowded in with almost certain risk of more loss. Then perhaps the cars crawl over the country at the rate of twelve miles an hour, and this inefficiency costs the cowman still more, in fodder, and in the shrinkage and deaths of the imprisoned creatures suffering from crowding, from long standing and from thirst.

To prevent this needless waste, the Association is urging the Interstate Commerce Commission to prescribe the speed limit when necessary, to secure reasonable service, and the proper treatment of live stock.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

WASH THAT ITCH AWAY

It is said that there are certain springs in Europe that give relief and cure to Eczema and other skin diseases. If you knew that by washing in these waters you could be relieved from that awful itch, wouldn't you make every effort to take a trip to Europe at once? Would you not be willing to spend your last cent to find the cure?

But you need not leave home for these distant springs. Relief is right here in your own home town!

A simple wash of Oil of Wintergreen, Thymol and other ingredients as compounded only in D. D. D. Prescription will bring instant relief to that terrible burning itch, and leave the skin as smooth and healthy as that of a child.

If you have not already tried it, get at least a 25-cent bottle today. We assure you of instant relief.

IF YOU HAVE A SICKLY YOUNGSTER TRY THIS FREE

The family with young children that is without sickness in the house now and then is rare, and so it is important that the head of the household should know what to do in the little emergencies that arise. A child with a serious ailment needs a doctor, it is true, but in the majority of instances, as any doctor knows, the child suffers from some intestinal trouble, usually constipation.

There is no sense in giving it a pill or a remedy containing an opiate, nor is flushing of the bowels to be always recommended. Rather give it a small dose of a mild, gentle laxative tonic like Dr. Caldwell's Syrup Pepsin, which, by cleaning out the bowels and

strengthening the little stomach muscles, will immediately correct the trouble.

This is not alone our opinion but that of Mrs. N. H. Mead of Freeport, Kan., whose granddaughter has been taking it successfully and of Mrs. J. R. Whiting of Lena, Wis., who gives it to her children and takes it herself. It is sold in fifty cent and one dollar bottles at every drug store, but if you want to test it in your family before you buy it send your address to Dr. Caldwell and he will forward a trial bottle free of charge.

Address him Dr. W. B. Caldwell, 402 Caldwell building, Monticello, Ill.

Lightning Kills Few.

In 1906 lightning killed only 166 people in this whole country. One's chances of death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters be used, as Robert Madsen, of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from virulent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach, liver, nerve and kidney remedy and blood purifier on earth. Only 50c at Oberdorfer's.

Nicholas' Blackberry Crop.

According to reports from all sections, Nicholas county will this year have the biggest blackberry crop in its history if the weather is seasonable from now until the middle of next month. With the prospects of a bountiful crop of the berries, housewives will be found getting busy looking to the canning season.

Saved His Wife's Life.

"My wife would have been in her grave today," writes O. H. Brown, of Muscadine, Ala., "if it had not been for Dr. King's New Discovery. She was down in her bed, not able to get up without help. She had a severe bronchial trouble and a dreadful cough. I got her a bottle of Dr. King's New Discovery, and she soon began to mend, and was well in a short time." Infalible for coughs and colds, it's the most reliable remedy on earth for desperate lung trouble, hemorrhages, lagrippe, asthma, hay fever, croup and whooping cough. 50c, \$1. Trial bottle free. Guaranteed by Oberdorfer.

It Was Her Fate.

The young woman sat before her glass and gazed long and earnestly at the reflection there. She screwed up her face in many ways. She fluffed her hair and then smoothed it down again. She raised her eyes and lowered them; she showed her teeth and she pressed her lips tightly together. At last she got up, with a weary sigh, and said: "It's no use. I'll be some kind of a reformer."

No Questions Asked.

Many is the man who would never ask a single question if his past prosperity—or "good luck," as he will have it—would once more return.

ALL MY PIMPLES GONE

Girl Tells How a Blochy Skin Was Cleansed By a Simple Wash.

"I was ashamed of my face," writes Miss Minnie Pickard of Altamahaw, N. C. "It was all full of pimples and scars, but after using D. D. D. Prescription I can say that now there is no sign of that Eczema, and that was three years ago."

D. D. D. has become so famous as a cure and instant relief in Eczema and all other serious skin diseases, that its value is sometimes overlooked in clearing up rash, pimples, blackheads, and all other minor forms of skin impurities.

The fact is, that while D. D. D. is so penetrating that it strikes to the very root of Eczema or any other serious trouble, the soothing Oil of Wintergreen, Thymol and other ingredients are so carefully compounded there is no wash for the skin made that can compare with this great household remedy for every kind of skin trouble.

D. D. D. is pleasant to use, perfectly harmless to the most delicate skin, and absolutely reliable. A 25-cent bottle will give you positive proof of the wonderful effectiveness of this great remedy.

Visions of the Penant in Sight.

With the closing day of the first section of the Blue Grass League in sight Paris still has a good chance to land the rag. By winning from Winchester yesterday the lead was increased to 29 points over the Hustlers. As it stands Paris has four games to play and Winchester 3. Should Winchester win all of her remaining games and Paris one out of four the per cent would be even, but if Paris should win two out of four and Winchester lose one out of three Paris would lead by a per cent of 17 points over her near rival. It is reasonable to believe Paris will win one of the remaining games unless Winchester has an unusual streak of luck it is not likely she will tie with Paris for pennant honors.

FRIDAY.

The Bourbonites broke even Friday in a double header with the Pioneers, losing the first in a lively contest by a score of 5 to 2 and taking the second, which went only six innings, by a score of 11 to 3. Errors by Chapman and Maxwell gave the visitors three runs in the first inning, a lead, coupled with the effectiveness of Creager, the locals could not overcome. Creager essayed to pitch the second game but was pounded off the mound in the second inning. The score:

SATURDAY.

In a game that went the full length of two contests Paris and Lexington tied Saturday afternoon and at the conclusion of the eighteenth inning the game was called on account of darkness. To make the affair more complete, after Wilkinson and the Paris team had left the field Yancey appointed Vallandigham substitute umpire and the Lexington player declared the game forfeited to Lexington.

The contest was a pitchers' battle between Hauser and Robbins with honors greatly to the favor of the Paris hurler.

Paris counted their lone tally in the

eight. Kuhlman singled, took second on a fumble and scored when McKernan doubled. An oversight on the part of Umpire Wilkerson robbed Paris of the game in the same half when McKernan stole home and Sewell dropped the ball. He was called out by Wilkerson. In the ninth Yancey put the ball over the left field fence that tied up the game. The score:

Lexington.....0 0 0 0 0 0 0 0-1
Paris.....0 0 0 0 0 0 0 0-1
Batteries—Paris, Hauser and Mayer; Lexington, Robbins and Sewell. Hits—Paris 13, Lexington 8. Errors—Lexington 5, Paris 2. Earned runs—Lexington 1. Two base hits—McKernan, Goodman, Harrell. Double plays—Hikes to Viox, McKernan to Barnett. Passed ball—Mayer. First base on Errors—Lexington 2, Paris 3. Hit by pitcher—by Hauser (Robbins 2). Game began 3:30. Time—3:30. Umpire—Wilkerson.

SUNDAY.

Paris took revenge upon the Lawmakers for the double defeat a week previous, and Sunday afternoon took a double bill from the Frankfort team. The first game resulted in an overwhelming defeat for the visitors but the second was of an entirely different character.

Aside from four misplays on the part of Paris in the first game they fielded brilliant. In the outfield Hauser and Goodman took some difficult chances and robbed the visitors of several hits. While Barnett had two errors he played a star game and laced out a home run in the fifth. The Champs hit Cornell at will but King pitched masterly ball, and to the sixth inning held his opponents to two hits after which he slowed up.

Shears and Cramer opposed each other in the second game, which was an exceptionally fine contest. Both pitchers were on their mettle. A hit and two errors in the fourth gave the visitors their only run. In the seventh after McKernan fled to Nicholson, Maxwell singled to center and Barnett to right. Maxwell scored on Mayer's sacrifice. After two were out in the ninth Barnett walked and Mayer followed with a double sending Barnett over the plate with the winning run.

The score:
Frankfort.....0 0 0 0 0 0 3 0-3
Paris.....0 1 4 0 4 0 1 x-10
Batteries—Frankfort and Holder; Paris, King and Mayer. Hits—Paris

11, Frankfort 6. Errors—Paris 4, Frankfort 2. Two base hits—Kuhlman, Maxwell, Cramer. Three base hits—Kuhlman, Hoffman, Myers. Home run—Barnett. Bases on balls—off King 1, off Cornell 3. Struck out—by King 5, by Cornell 4. Umpire—Wilkerson.

Second game.
Frankfort.....0 0 0 1 0 0 0 0-1

Bases on balls—off Shears 1, off Cramer 1. Struck out—by Shears 8, by Cramer 10. Double play—Barnett to Harrell. Passed ball—Mayer. Stolen base—Kuhlman. Umpire—Wilkerson. Attendance—1,000.

MONDAY.

The Bourbonites defeated the Hustlers yesterday afternoon by a score of 8 to 1. The locals hammered Brown to the four corners of the lot, and assisted by a few misplays completely snowed the visitors under. Schrauder held the visitors to five hits, only three of which were clean and had it not been for errors in the sixth the Hustlers would have been whitewashed. At no stage were the locals in danger of defeat.

Winchester.....0 0 0 0 1 0 0 0-1
Paris.....1 0 2 0 2 0 1 2 x-8
Earned runs—Paris 4. Two base hits—Kuhlman, Maxwell. Bases on balls—off Schrauder 2, off Brown 1. Struck out—by Schrauder 3, by Brown 4. Passed balls—McGuire, Mayer 2. Stolen base—Harrell. Sacrifice hits—Laross, Kuhlman. Time—1:45. Umpire—Wilkerson. Attendance—300.

NOTES.

There will be an excursion to Frankfort Thursday over the interurban from this city. On this occasion the Lawmakers and Bourbonites will meet in a double header, which will close the first half of the season.

When Walter Mayer, the Paris backstop, advanced to the bat the first time Sunday afternoon, he was presented with a handsome bouquet of flowers, the gift of relatives and friends who came from Cincinnati to witness the games between Paris and Frankfort. Umpire Wilkerson presented the flowers to Mayer, who received them smilingly while the crowd cheered. Danny Harrell, relieved him of the immense floral offering while the Paris wind-pit artist faced the pitcher. Among those who came from Cincinnati and who were interested spectators at the game were Mayer's father and mother, Mr. and Mrs. Julius Mayer, his brother Julius Mayer, Jr., and sister, Miss Vera Mayer, and Mr. Gus Tedesco. They were all proud of the way Walter acquitted himself and especially so in the last game, when his sacrifice put over the run that tied up the contest and his timely two-bagger sent Barnett around with the winning run.
